# AUSTIN DELIC

SOFTWARE DEVELOPER AND IT TECHNICIAN

## PROFILE

I am a passionate and results-driven Software Developer and IT Technician with experience in delivering innovative solutions. I have been recognised for my excellence in Computer Science ATAR, as well as awarded for my innovation at the Curtin University Hackathon. I am skilled in full-stack development, IT support, and problem-solving, with experience creating CRM systems and working in IT support.

## WORK EXPERIENCE

- Lightbulb Skills** 2024 - PRESENT  
Software Developer
  - Developed and implemented a comprehensive CRM system using Next.js, React, and Supabase, streamlining customer relationship management and improving operational efficiency.
- Global College Australasia** 2023 - 2024  
Information Technology Intern
  - Provided IT support for staff and students, troubleshooting hardware and software issues to ensure minimal disruptions.
  - Assisted with device management, including system setup, software installations, and updates.

## ACHIVEMENTS

- Computer Science ATAR Awards**  
Achieved top results in Computer Science ATAR in highschool for years 11 and 12.
- Competitive Rower**  
Dedicated member of the Aquinas Rowing Team since Year 7, developing strong leadership, teamwork, and resilience through competitive regattas and intensive training.
- Curtin Hackathon Innovator**  
Recognised for innovation and problem-solving at the Curtin Hackathon 2024.
- Valedictory Speaker**  
Delivered the prestigious Day Boy speech at the Valedictory Dinner, highlighting personal growth and contributions to the Aquinas community.
